# Why walk?

- ☞ Safest form of exercise
- ☞ Helps with weight loss
- ☞ Brisk walking (one mile every 15-20 minutes) can help lower risk of heart attack and stroke
- ☞ Helps lower blood pressure
- ☞ Raises sense of well-being
- ☞ Reduces stress

# Walking Tips

- ☞ *Choose proper footwear.*  
Invest in a good pair of walking shoes.
- ☞ *Carry a few essentials.*  
Identification, pocket change, first aid essentials and water.
- ☞ *Protect yourself from the sun.*  
Wear sunglasses, hat and sunscreen.

# Safety Tips

- ☞ *Be visible!* Wear reflective clothing at dusk, dawn and night. During the day, wear bright, light clothing.
- ☞ *Make sure drivers see you.* Don't dart out or suddenly enter the street.
- ☞ *Be alert.* Be aware of all traffic particularly vehicles making a "right on red."
- ☞ *Walk with a friend.* Walking with someone is safer than walking on your own.
